

MOTIP Air Refresher 'One Shot'

Ord.-no.: 000704

Technical Information

Mask undesirable smells in small and large spaces with MOTIP Air Refresher 'One Shot'. Air Refresher 'One Shot' is very efficient and very effective.

Quality & properties

- Very efficient
- Very effective
- Excellent masking properties
- Lasting effect

Physical & chemical data

- Base: Organic solvent with perfume
- Colourname: Transparent
- Smell: Citrus
- Minimum Working Temperature: 10 °C
- Maximum Working Temperature: 25 °C
- Storage stability: 10 years
- Content: 600 ML

How to use

- Before use, carefully read the directions on the packaging and act accordingly.
- The aerosol should have room temperature. Best processing temperature 5 to 30°C.
- Before use, shake the aerosol.
- Depending on the size of the room, briefly press the nozzle once or several times.
- In view of the very powerful spray pattern and the compatibility of the surface, spray in the air and keep sufficient distance from objects.
- For use in a car, we advise to spray on the floor mat.
- For use in small areas, ventilate properly.

Environmentally sound

European Aerosols is committed to apply formulations without restricted or critical ingredients and to achieve best possible performance. The caps and packagings are made of recyclable material.

Disposal

Only the completely emptied cans should be put into the recycling skip or appropriate container for reclaimable refuse. Cans which are not empty should be disposed off as "special refuse".

Marking/Labeling

All products made by European Aerosols comply with the actual labelling regulations according to Preparation Guideline 1999/45/EG. All aerosols correspond to TRGS 200 and TRG 300 as well as to aerosol guideline 75/324/EWG in the actually valid version.

For any further technical questions call our hotline +31 (0) 561 69 44 00 from Monday to Thursday from 9 h a.m. to 3 h p.m. or on Friday until 12 h p.m.

As of November 24, 2021 – This release replaces all eventually earlier issued versions.
